

DECLARATION OF COMPATIBILITY between ECOLAB hygiene products and INXPECT technological system for industry

Compatible products with INXPECT products

See below for the test procedure:

ECOLAB product	%	INXPECT product	Defect quantity	Defect quality	Color variation
Topaz HD2	5	IP69K PP LBK-S01	0	0	0
Topaz MD3	5	IP69K PP LBK-S01	0	0	0
Topaz AC1	5	IP69K PP LBK-S01	0	0	0
Topaz AC5	5	IP69K PP LBK-S01	0	0	0
Topactive DES	3	IP69K PP LBK-S01	0	0	0
Topax 990	2	IP69K PP LBK-S01	0	0	0
Topax 960	5	IP69K PP LBK-S01	0	0	0
Topaz CL4	5	IP69K PP LBK-S01	0	0	0
p3-Topax 66	6	IP69K PP LBK-S01	0	0	0

	0 means	1 means
Defect quantity	No detectable defect	slight Detectable defect
Defect quality	Up to 10x magnification no detectable defect	slight detectable damage
Color variation	Unchanged, no discoloration	changed, discoloration

TEST procedure

- Test performed by Ecolab Technical Application Service
- Ecolab reference method 40.1 – ISO 4628-1-1 for the evaluation
- Full immersion of parts in detergent/disinfectant solutions
- Water hardness of 200 ppm CaCO₃
- 28 days total time at room temperature (equivalent to the contact time that occurs in 6 years of daily cleaning)
- Concentration tested is the one normally recommended
- Test solution renewed every 3-4 days for oxidizing products (topaz CL4, P3-topax66)

Final Statement

The Ecolab Technical Application Service Italy certifies that

- the **INXPECT PP LBK-S01 with IP69K** are perfectly compatible with these Ecolab products:
Topaz HD2, Topaz MD3, Topaz AC1, Topaz AC5, TopActive DES, Topaz 990, Topaz 960, Topaz CL4, P3-Topax 66
